GRANVILLE ISLAND PUBLIC MARKET

THE FUTURE IS **CASCADIA**

Vancouver, B.C., Seattle and Portland have much in common: unsurpassed beauty; proximity to Asia; and market-leading capabilities in key economic sectors. By linking these cities, the Cascadia Innovation Corridor will create opportunity and prosperity beyond what they and their surrounding regions could achieve independently. Together, we can be the next global innovation ecosystem and a leader in solving some of the world's toughest challenges. Together, we are the Cascadia Innovation Corridor.

AAM 2020

Enroute to Bringing Canadian AAM to Reality

Thank You!
