David Anderson

Senior Vice President and Chief Financial Officer
NW Natural
220 NW 2nd AVE
Portland OR 97209

David Anderson is NW Natural's senior vice president of finance and chief financial officer, a position he has held since 2004 when he joined the company. Areas of responsibility include treasury, tax, controls, budgeting and forecasting, accounting, regulatory, information technology, and investor relations. Before joining NW Natural, he was a senior vice president and CFO, as well as other executive positions, at TXU Gas. David is a past board member of the Northwest Gas Association and Oregon Mentors, former president and secretary-treasurer of Oregon Partnership, and former chair of the American Gas Association's Finance Committee. He sits on the Portland State University Advisory Board and the Oregon Department of Education's Business Advisory Team. David holds a B.B.A. in accounting from Texas Tech University and is a certified public accountant in Oregon, Washington, and Texas.

David

Peter Christensen

Manager, Energy Sector
Pacific Northwest National Laboratory
902 Battelle BLVD
Richland WA 99352

Peter Christensen is a technology commercialization manager for the Pacific Northwest National Laboratory (PNNL) where he is responsible for identification, protection, and management for the lab's growing energy portfolio. Prior to this position, Peter served as sector manager for PNNL's Energy and Environment Directorate, as a patent attorney and vice president of engineering and intellectual property for a leading PEM fuel cell developer, and as a system protection and control engineer for a regional utility in New England. Peter is recognized as a national expert on competitive power markets. He holds a B.S. in electrical engineering from the University of Minnesota and a J.D. from the Franklin Pierce Law Center in Concord, New Hampshire.

Peter

Kathryn Clay

Executive Director
Clean American Transportation Alliance

Dr. Kathryn Clay is the executive director of the Clean American Transportation Alliance (CATA). More than fifty producers and distributors of natural gas have joined as founding members of CATA, with a common vision of enhancing our national energy security by exploring and promoting the greater use of natural gas in our transportation sector. Previously, Kathryn was the vice president of Research and Technology Policy for the Alliance of Automobile Manufacturers. She served as a member of the professional staff of the Senate Energy and Natural Resources Committee, where she worked to develop the Energy Independence and Security Act of 2007 and the Energy Policy Act of 2005. She was also centrally involved in the development and passage of legislation (the America COMPETES Act of 2007) to promote federal investment in science and the development of innovative technologies. Kathryn holds a Ph.D. in applied physics and an M.S. in electrical engineering, both from the University of Michigan, Ann Arbor.

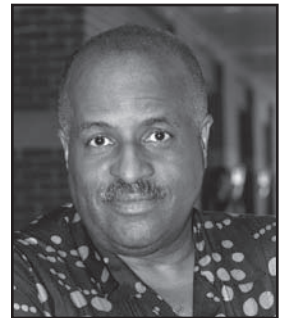

Kathryn

A. R. Collier

Course Manager
Professional Training Systems, Inc.
PO Box 56000
Portland OR 97238-6000
503.228.6731 503.243.6815[fax]
skipcollier@att.net

A.R. "Skip" Collier has an extensive background in utility design, construction, maintenance, and operation. For the General Electric Company he served as field engineer, construction engineer, startup engineer, and construction project manager. Skip was also an electrical engineer at Bonneville Power Administration. He holds a B.S. in electrical engineering from the University of Nevada in Reno and an M.B.A. from Portland State University.

Skip

J. Michael Davis

Pacific Northwest National Laboratory
P.O. Box 999
Richland, WA 99352

J. Michael Davis is the associate laboratory director for the Energy and Environment Directorate (EED) at Pacific Northwest National Laboratory where he leads a team of more than 1,200 staff focused on delivering science and technology solutions for energy and environmental challenges including increasing our nation's energy capacity and reducing dependence on imported oil. In fiscal year 2010, EED's research sales to government and industry clients totaled \$365 million. He has held many energy leadership roles in the public and private sectors, including serving as the U.S. Department of Energy's Assistant Secretary for Conservation and Renewable Energy at the appointment of President Bush in 1989. He is a nationally known spokesperson and key resource in the areas of hydrogen, power grid, renewable energy, and energy efficiency policy and technology issues, and is an invited member of the National Academy Committee, America's Energy Future: Electricity from Renewables: Technology Opportunities, Risks, and Tradeoffs, as well as the Academy Committee on U.S.-China Cooperation on Electricity from Renewables.

Mike

Serge Dupont

Deputy Minister
Natural Resources Canada
580 Booth ST 2nd FL
Ottawa ON K1A 0E4
CANADA

Serge Dupont is deputy minister of Natural Resources Canada (NRCan). Previously, he served as associate deputy minister for NRCan, was deputy minister of intergovernmental affairs and special adviser to the Minister of Natural Resources on Nuclear Energy Policy, and occupied senior positions in Finance Canada, including assistant deputy minister, financial sector policy, and director general of tax policy. Serge holds a B.Sc. from University of Ottawa and an M.A.Sc. in management sciences from University of Waterloo, as well as an international diploma in public administration from the École Nationale d'Administration in Paris.

Serge

John Felmy

Chief Economist
American Petroleum Institute
1220 L ST NW
Washington DC 20005

John Felmy is chief economist of the American Petroleum Institute where he is responsible for overseeing economic, statistical, and policy analysis. He has over 25 years of experience in energy, economic, and environmental analysis. He holds a B.S. and an M.S. in economics from Pennsylvania State University, and a Ph.D. in economics from the University of Maryland.

John

Donald E. Gaines

Vice President, Finance and Treasurer
Puget Sound Energy
PO Box 97034 PSE-12N
Bellevue WA 98009-9734

Donald Gaines is vice president of finance and treasurer for Puget Energy and its utility subsidiary, Puget Sound Energy. With nearly 30 years of experience in utility finance, he is responsible for cash management, managing the capital structure, capital market activities, and oversees financial forecasting, taxes, energy risk control, portfolio structuring and asset optimization, as well as the company's budgeting processes. He also is a member of the company's energy management committee, which approves and reviews power and gas hedging strategies. In his role as trustee and treasurer of the Puget Sound Energy Foundation, he oversees approximately \$20 million of investments for the foundation. Donald earned a B.S. in business administration from the University of Puget Sound and an M.B.A. with honors from Pacific Lutheran University.

Donald

Kimberly J. Harris

President and Chief Executive Officer
Puget Sound Energy
PO Box 97034 PSE-12N
Bellevue WA 98009-9734

Kimberly Harris is president and CEO of Puget Sound Energy, the utility subsidiary of Puget Energy. Prior to being named president of PSE in June 2010, she served as executive vice president and chief resource officer where she was responsible for all of PSE's energy resources and led the operation of the company's wind power facilities, which, with a capacity to produce the electricity equivalent to that used by more than 100,000 homes, is the nation's second-largest utility owned and operated wind resource. She also guided development of the company's Lower Snake River Wind Project, currently under construction near Pomeroy, which will add to the utility's renewable energy resources in Washington when it enters service in 2012. She has served as senior vice president of regulatory policy and energy efficiency, vice president of regulatory and government affairs, director of load resource strategies, and associate general counsel. Kimberly holds a B.S. from San Diego State University and a J.D. from Arizona State University.

Kimberly

Robert D. Kahn

Executive Director
Northwest & Intermountain Power Producers Coalition
1117 Minor AVE STE 300
Seattle WA 98101
206.624.1546
rkahn@nippc.org

Robert Kahn serves as executive director of the Northwest & Intermountain Power Producers Coalition. He began his career working as a staff member to the late architect/philosopher R. Buckminster Fuller. Robert subsequently directed community education programs funded by the National Science Foundation for Antioch New England Graduate School in Keene, New Hampshire. He later joined the Office of Appropriate Technology in California under Governor Jerry Brown's Administration before co-founding Robert D. Kahn & Company, a strategic communications agency. During the 1990's he served as a special assistant to the chair of the Comprehensive Review of the Northwest Energy System and as a member of the Washington State Energy Siting Process Review Committee. He is a founding board member of the Renewable Northwest Project, and serves as U.S. correspondent for New Energy, the official publication of the European Renewable Energies Federation. Robert holds a B.A. from Colgate University and an Ed.D. from the University of Massachusetts at Amherst. He has edited two books and authored numerous articles.

Robert

Ronald Liepert

Alberta Energy Minister
780.427.3740

Ron Liepert has been a Member of the Legislative Assembly of Alberta for the constituency of Calgary-West since 2004. In January, 2010, he was sworn in as Minister of Energy. He previously served as Minister of Education and Minister of Health and Wellness. He served as press secretary for Premier Lougheed from 1980 to 1985 where he participated in a number of federal-provincial conferences and was at the side of the Premier during the Constitutional Accord of 1982 and the energy negotiations of the early 1980s. He also worked as the trade director of Western U.S. Operations for Alberta Economic Development, was involved in Telus' negotiations to purchase Ed Tel and the CB Tel merger, and spent four years running his own public relations and communications consulting business and operating a childcare center in downtown Calgary.

Ron

Elliot Mainzer

Executive Vice President for Corporate Strategy
Bonneville Power Administration
905 NE 11th AVE
Portland OR 97232

Elliot Mainzer is the executive vice president for corporate strategy at the Bonneville Power Administration. In this capacity, he has responsibility for developing agency strategy on critical regional and national issues including climate change, renewable resource integration, regional transmission planning, and market design. Previously, he served as the manager of transmission policy and strategy where he led the development of BPA's Network Open Season. Elliot earned an M.B.A. and an M.S. in environmental studies from Yale University.

Elliot

Alicia Milner

President
Canadian Natural Gas Vehicle Alliance
350 Sparks ST STE 809
Ottawa ON K1R 7S8
CANADA

Alicia Milner leads Canada's national trade association for natural gas vehicles, the Canadian Natural Gas Vehicle Alliance. Under her leadership, the association has expanded its membership base and increased support for Canadian sector members active in export markets around the world. Her previous work experience includes management of the Toronto Public Utilities Coordinating Committee, working as a purchasing manager for Procter & Gamble, and operating her own communications business. She is a member of the Canadian Society of Association Executives and holds the Certified Association Executive designation. She also serves as a vice chair for the global natural gas vehicle association, NGV Global. Alicia is a graduate of the University of Waterloo and the Richard Ivey School of Business at the University of Western Ontario.

Alicia

J. Richard Moore

Consultant
4108 Stanford AVE
Dallas TX 75225
214.691.0414
jrichardmoore@sbcglobal.net

J. Richard Moore has more than 30 years experience in both regulated and unregulated segments of the energy industry. He has held senior management positions in oil and gas production companies, interstate and intrastate natural gas pipelines, gas and electric utilities as well as natural gas gathering, processing, and marketing companies. Dick previously served on the Board of Directors of the Gas Processors Association and currently holds an adjunct faculty position in the economics department at Richland College in Dallas, Texas. Dick is a member of the faculty for University of Idaho's Utility Executive Course and serves as a speaker on energy topics for the Maguire Energy Institute at Southern Methodist University. He holds a B.B.A. and an M.B.A. from the University of Oklahoma.

Dick

Ron Pernick

Cofounder and Managing Director
Clean Edge, Inc.
789 28th AVE
San Francisco CA 94121
503.493.8681
pernick@cleanedge.com

Ron Pernick, managing director of Clean Edge, is a market research, publishing, and business development entrepreneur with more than two decades of high-tech experience. At Clean Edge, he has coauthored more than two dozen reports on clean technologies, markets, and policies, and oversees the firm's research, event production, stock index publishing, and advisory services. He is the co-author of the highly acclaimed book, *The Clean Tech Revolution*.

Ron

Catherine Reheis-Boyd

President
Western States Petroleum Association
1415 L ST STE 600
Sacramento CA 95814
916.498.7750

Catherine Reheis-Boyd is president of the Western States Petroleum Association (WSPA) where she oversees the trade organizations' operations and advocacy in California, Arizona, Nevada, Washington, Oregon, and Hawaii. Previous positions with WSPA include chief operating officer, and chief of staff. She has managed a broad range of WSPA activities, including climate change, low carbon fuels, renewable fuels, and alternative energy issues. She serves as a member of the California Carbon Capture and Storage Review Panel and previously chaired the California Marine Life Preservation Act Blue Ribbon Task Force. She holds a B.S. in natural resource management from the California Polytechnic State University, San Luis Obispo, and pursued post-graduate studies in environmental engineering at the University of Southern California.

Catherine

Martha Wyrsh

President
Vestas Americas
1881 SW Naito PKWY
Portland OR 97201
503.327.2000

Martha Wyrsh is president of Vestas Americas. With over 20 years of experience in the energy industry, she has held senior executive positions at KN Energy, Duke Energy Corporation, Duke Energy Gas Transmission, and Spectra Energy Transmission. Previous experience includes legislative assistant to U.S. Senator Alan Simpson, Washington, D.C., and associate attorney with Davis, Graham & Stubbs in Colorado. She holds a bachelor's degree from the University of Wyoming and a J.D. from George Washington University. In addition, she completed Harvard Business School's Advanced Management Program.

Martha

Paul Ziff

CEO
Ziff Energy Group
1117 Macleod TR SE
Calgary AB T2G 2M8
CANADA
403.234.4276
paul.ziff@ziffenergy.com

Paul Ziff founded Ziff Energy Group in 1982 and co-led the international expansion of the company, which is now active in 36 countries. Paul has three decades of assessment experience for the oil and natural gas industry. A specialist on natural gas industry strategies and upstream corporate performance, he conceived and directed a wide range of benchmarking studies and consulting projects in upstream corporate performance. Prior, he directed energy research for a major investment firm, gas pricing analysis for a key Alberta government agency, and energy lending analysis for a major bank. Paul is an honors graduate of Harvard University, and attended the Université de Paris in Sorbonne and the Institut d'Études Politiques.
