

## **2016 Winter Meeting Action Items**

### **Invasive Species Action Item**

In the first action item from Calgary, remove “and create a stockpile of pre-approved materials”

Encourage the states and provinces to pre-approve materials that can be used for early detection and rapid response.

Action item: Hold a conference call/meeting with Western Canada AIS, US CBP, and CBSA to discuss the recent announcement in Montana of QZ and to discuss the enhanced risk environment.
