Our Role

Columbia Basin Trust supports the ideas and efforts of the people in the Columbia Basin. We take our lead from residents and communities. Whatever the situation calls for, we adapt our role: from providing resources, to bringing people together, to leading an entire initiative. The Trust is here to offer experience and support to all Basin residents.

The Trust's primary role in regards to the Columbia River Treaty is to act as an information resource for Basin residents, First Nations and local governments.
