

ACTION ITEMS

Cyber Security & Disaster Resilience
Working Group 2015

*Pacific NorthWest
Economic Region*

Creating and fostering cross-sector partnerships focused on infrastructure security and disaster resilience.

Action Items	Project Lead	Status
1 Form a regional Cyber Task-Force made up of cyber planning leads from each state and province in the PNWER region, with the purpose of sharing best practices in cyber resilience across jurisdictional boundaries.	Eric Holdeman	
2 Explore opportunities to address the social effect and making the public and employees take cyber security as seriously as they do fires or flood. Cross border education and outreach to inform how cyber threats can cost lives and create life threatening implications.	Eric Holdeman
